# PUPPY RULES

We love dogs here at “as Greek as it Gets” so please help us continue to provide a pup friendly patio by following these simple rules:

- Please be paw-lite and mindful of other guests & pups.
- Please clean up after your pups (*No one wants to step in a “poodle” or worse, a “doodle”*).
- NO furry paws on the furr-niture. It’s really the leashed you can do.
- Speaking of leashes, pups should really be on a leash at all times.
- Pup owners must have control of their leashed pups at all times.
- Believe it or not, not everyone is a dog person so please DO NOT bring your pups inside the restaurant at any time for any reason. (*The Health Inspectors don’t like it!*)
- NO Ag-grrrrrr-essive pups!
- Misbehaving pups and their owners will un-furr-tunately be asked to leave.

*Having your pup on the patio is ultimately at your own risk and “As Greek As it Gets”, it’s management and staff cannot accept any responsibility for your pup or other pups actions or behaviors.*
